MRS. WINSLOW'S

SOOTHING SYRUP

For Children Teething,

greatly facilitates the process of teething, by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action, and is

Sure to Regulate the Bowels,

Depend upon it, mothers, it will give rest to your selves and

Relief and Health to Your Infants.

We have put up and sold this article for years and CAN SAY IN CONFIDENCE AND TRUTH of it, what we have never been able to say of any other medicine—NEVER HAS IT FAILED IN A SINGLE INSTANCE, TO EFFECT A CURE, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of highest commendation of its magical effects and medical virtues. We speak in this matter "WHAT WE DO KNOW," after years of experience AND PLEDGE OUR REPUTATION FOR THE FULFILMENT OF WHAT WE HERE DECLARE. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation has been used with NEVER FAILING SUCCESS in

Thousands of Cases.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve

Griping of the Bowels, and Wind Colic.

We believe it is the BEST AND SUREST REMEDY IN THE WORLD, in all cases of DYSENTERY AND DIARRHŒA IN CHILDREN, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—DO NOT LET YOUR PREJUDICES, NOR THE PREJUDICES OF OTHERS, stand between your suffering child and the relief that will be SURE—yes, ABSOLUTELY SURE—to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle.

Be sure and call for

"Mrs. Winslow's Soothing Syrup,"

Having the fac-simile of "CURTIS & PERKINS" on the outside wrapper.

Democratic Responsibility.

It is strange that Democratic organs should prate about the expenses of the Government and charge the large volume of federal expenditure upon the Republican party. They seem to act on the presumption that the people have forgotten that there was a war incited by the controlling element of the Democratic party which has involved the country in an enormous debt and rendered it necessary to make large annual expenditures to meet the demands growing out of a war, the responsibility of which every candid man fixes upon the Democratic party of the South aided by a large majority of the Democratic leaders in the North. Look at the figures:

In 1873 the amount paid out of the Treasury on account of expenditures growing DIRECTLY out of the war was **$157,262,415-81** or **54** per cent of the entire expenditure for that year.

In 1874 the amount devoted to the same purpose was **$154,171,130.50**, or over **53** per cent of the entire expenditures for the year.

In 1875 the expenditures for the Democratic war were **$147,882,031.75** or **54** per cent of the total expenditures for the year.

In 1876 (year ending June 30 1876) the direct expenses were **$140,919,679 23** or nearly **55** per cent. of the expenditures of the year for all purposes.

These sums do not include the amounts devoted to the sinking fund established for the purpose of paying the national debt.

That the nature of these expenditures growing out of the war may be understood we append the objects to which the money was devoted during the fiscal year ending June 30 1876:

Judgments of the court of claims	$ 827,833 29
Southern claims commission	50,809 00
Expenses of national currency	449,157 87
Expenses of national loan	1,931,698 53
Refunding national debt	708,353 15
Assessing and collecting internal revenue, including payment of drawbacks, etc.	5,279,829 47
Defending claims for cotton seized	1,016 50
Re-payment for land sold for direct taxes	12,450 00
Return of proceeds of captured and abandoned property	1,026,636 61
Collection of captured and abandoned property, records and evidence respecting the same	6,549 74
Refunding internal taxes illegally collected	57 68
Refunding proceeds of cotton sold	21,644 36
Interest on public debt	100,243,371 03
Bounties for soldiers of late war	24,090 61
National cemeteries	528,628 33
Expenses of California volunteers	7,000 00
Commutation of rations to prisoners of war in rebel states	6,000 00
Appliances for disabled ex-soldiers	10,000 00
Freedmen's asylum	45,000 00
Bureau of abandoned lands, etc.	49 66
Horses and other property lost in military service	89,853 16
Reimbursing Kentucky for war expenses	49,197 64
Refunding states expenses incurred in raising volunteers	256,271 62
Supplying arms to loyal citizens in revolted states	233 00
Claims of loyal citizens for supplies provided during rebellion	7,800 00
Pensions	28,277,353 69
Relets, etc.	85,698 04
Defending suits and claims for seizure of captured and abandoned property	39,131 98
Pay of two and three years volunteers	107,766 85
Prize money to captors	356,211 07
Payment of captors of rebel steamer Sumter	112,915 03
Publication of official records of the war of the rebellion	45,000 00
Claims for quartermaster's and commissary stores under act of July 4, 1864	55,349 95
Monument to soldiers who died in Salisbury prison	10,000 00
Examination of rebel archives and records of captured and abandoned property	5,421 76
Total	$140,919,679 23

In addition to the above expenditures **$29,000,000** was added to the sinking fund which is established for the payment

The Republican candidate for Governor of Georgia was born in Maine, but removed to South Carolina in 1833, and to Georgia a few years later. He went into business there, and was elected Mayor of Atlanta in 1851. He stayed until the second year of the war, when his Unionism made it necessary for him to leave. He returned with Sherman's army. And now the Democrats call him a carpet-bagger.

There will be a grand Republican flag raising at Salmon Falls, Hollis, on Thursday afternoon, Sept 7th, at 3 o'clock. Speeches will be made by Gen. King, J. O. Winship, Esq and Horace L. Piper, Esq. Arrangements have also been made to raise a Hayes and Wheeler flag at Hollis Centre the same afternoon, and in the evening at 7 o'clock there will be a Republican meeting at the Bare Hill meeting house, where the same speakers will speak.

The War Claim Business of Congress.

How the Little Bills for Damages Have Come In—A Brief Summing Up of Their Number and Amount.

In the last letter from the Washington correspondent of the Daily Advertiser on the subject of war claims, it was stated that up to the 21st of February three hundred and seventy-one bills (exclusive of the large number of pension bills,) growing directly out of war damages, had been introduced in Congress, and that two hundred and thirty-four of this number were for the relief of Southern claimants, involving appropriations to the aggregate amount of $3,377 211 69. Since the date mentioned, two hundred and eighty-four bills have been added to the three hundred and seventy-one, making six hundred and fifty-five. Of these additional bills, eighteen are of a general nature, relating almost exclusively, however, to the adjustment of Southern claims; sixteen are for the payment of claims of Northern parties to the amount of $58,703 81; twenty-five are for the reference of Southern claims to the claims commission or to the court of claims, the estimated amount being $440,000: sixteen are for the payment of cotton claims to the amount of $461,656 15; and the remainder, two hundred and nine, provide for the payment of miscellaneous individual Southern claims to the amount of $1,986,933.28. To sum up all together, there are fifty-eight bills of a general nature, nearly every one of which is designed to facilitate the adjustment and payment of war claims of Southern citizens, seventy-one providing for the payment of Northern claims to the amount of $5,585 636.08; forty-nine referring Southern claims to the claims commission or the court of claims, the estimated amount involved being $860 000; thirty-four to pay for cotton claims (exclusive of so-called tax-refunding bill) to the amount of $1,231,656-15, and four hundred for the payment of individual Southern claims of a miscellaneous character, amounting to $4,076,210.23 This shows the total number of Southern relief bills of all kinds introduced during the session to be FOUR HUNDRED AND EIGHTY THREE, and the amount of money involved, $6 167,866 38. In addition to these IS THE COTTON-TAX REFUNDING BILL, amounting to $68,000,000, and the several regular bills to pay the awards of the quartermaster-general, the Treasury Department, and the claims commission, which swell the requisition upon the Treasury by about a million dollars.

GREAT BRITAIN.

England and the Bulgarian Atrocities—Plain Language from Mr. Bright.

LONDON, Sept. 5—At a large meeting in Rochdale last night to protest against the Turkish atrocities, a letter from John Bright was read. He says it is now understood throughout the world that England is the main if not the only support of the Turkish war in Europe. Had England acted with Russia and the other powers, it is almost certain the Servian war would not have occurred; but for the confidence caused by England's support, the Turks would not have dared to commit those horrid crimes of which they were guilty in Bulgaria. These crimes are not new; what is new, is that England cannot see the crimes until newspapers describe them, and an English minister treats them as of small account, as common incidents of the war. England should clear itself of all partnership in the interests and policy of Turkey. It is a partnership unnecessary to our interests, and degrades us in the estimation of every Christian nation.

THE INDIANS.

Sitting Bull Said to be Dead.

NEW YORK, Sept 5.—A Herald special from Gen. Terry's headquarters on the North bank of the Yellowstone, dated Aug. 29th, says:

It is confidently asserted that Sitting Bull fell in the battle of Big Horn. His brother, it appears, came into Fort Berthold and gave a full account of his death. From a description of the man who killed him, Col. Reno says it is almost certain that he fell by the hand of Capt. Keogh, under whom the last desperate fight was made, as shown by the description of his battalion, which lay dead on the slope of the hill, drawn up in the shape of a V, as if in the act of resisting an effort to surround them.

THE CENTENNIAL REGATTA.

PHILADELPHIA, Sept. 5.—The trial heat for single sculls between Higgins and Luther was rowed over this morning, and was a walk over for Luther, Higgins having withdrawn. He complains of the judges' decision yesterday.

In the first heat for second trial for single sculls between Ward of Cornwall, and Brayley of St. John, the latter won in 22:06½.

The second single scull trial heat was between Hanlon of Toronto, Plaisted of New York, and Luther of Pittsburg. It was won easily by Hanlon in 21:54½ Plaisted second, a dozen lengths behind, and Luther last.

The next was the first trial heat of pair oars, between the two Thames boats, Higgins and Spencer in one, and Green and Thomas in the other. Neither of them exerted themselves much, and Green and Thomas won the heat in 21:44¾.

Maxwell and Plaisted of New York, had withdrawn from the second pair oared trial heats, so that the race was between Josh and Gil Ward in one boat, and Faulkner and Regan of Boston in the other Faulkner and Regan got the water first but as they passed the island the boats were level. In another one hundred yards the Ward Brothers led by nearly a length, but Faulkner and Regan spurted up a little and as they turned the bend and made for the stake boat the Wards were only one half a length ahead. Faulkner and Regan turned the flag boat at Falls Bridge first, and when they reached the bend again on the homewa d course, they led by about three lengths. As they neared Peter's Island the Wards were running in the wash of the other boat, and the distance between them increased till the finish. Faulkner a d Regan passed the line in 20:28, and the Ward Brothers in 20:44½.

Disastrous Rain Storm in Kansas.

ATCHISON, Kansas, Sept 5.—The heaviest rain known here for twenty years occurred Sunday night. Stranger and Camp creeks rose seveal feet above the highest mark recorded since the settlement of the country. Much damage was done in bottom lands, and many bridges were swept away. The Central branch of the Pacific railroad was badly washed, and no trains arrived or departed on that line Monday.

Crimes and Casualties.

Sheriff Bardslee with a posse of citizens overtook a gang of horse thieves near Buffalo station, Kansas, Monday, killed Big Ike, their leader, captured twelve out of eighteen of their number, and wounded most of the others. He also recaptured 54 horses and mules.

A Portland, Oregon, despatch says the Nez Perces Indians have made a formal demand on the commander of Fort Walla Walla, for two men who killed Indians near there last spring, threatening to burn every house in the valley within two weeks, if refused The settlers are much alarmed, and a company of cavalry will be sent to protect them.

Edward Herbois, a Frenchman, while digging a well in Warwick, R. I., Monday afternoon, was caught by the caving in of the sand and gravel and gradually crushed to death. A priest made a professional visit to the dying man by means of a ladder. The body was not extricated until 1 o'clock yesterday morning after 12 hours continuous labor.

John Morrison and Wm. Norris were drowned at Cape May yesterday.

Fire at Durham, Ont., yesterday, destroyed the Argyle Hotel, registry office, Trinity church and a half dozen dwelling houses. Loss $25,000.

Boiler of the Kennesaw mills at Marietta, Ga., exploded yesterday, killing two men, both colored.

The Republican Campaign.

Enthusiastic Meetings at Gorham, Bath, Calais, Auburn & Norway.

[Special to the Press.]

GORHAM, Sept. 5.—A very large and enthusiastic meeting was held at North Gorham this afternoon. Col. Robie was unanimously called upon to preside, and made a short speech, ably reciting the achievements of the Republican party and the great claims it had upon the people for further support.

Mr. Charles H. Treat of Bath, was then introduced and received with much enthusiasm. He curtly presented the issues in this canvass, showing the inconsistency of the Democratic party on the reconstruction and financial questions and the great failure of the Democratic Congress to echo the true voice and needs of the country. His speech produced a marked effect and was listened to with unflagging attention, and frequently interrupted with loud applause.

Prof. John M. Langston of Washington, then made a speech of two hours, presenting with marked ability and clearness the claims of his people, showing the lamentable results to his race in those states under Democratic rule. He held the attention of his audience to the close, and retired amid great applause. The Gray Band was in attendance and discoursed music that would do credit to a much older organization. With cheers for Hayes and Wheeler and Gov. Connor, the meeting adjourned amid great enthusiasm.

BATH, Sept. 5.—A large and enthusiastic Republican meeting was held this evening at Columbian Hall, which was addressed by Colonel A. W. Spates of Baltimore, and Hon. J. B. Raney of Philadelphia. W.

CALAIS, Sept. 5.—An immense Republican mass meeting was held in St. Croix Hall this evening. Hon. S. M. Milliken of Belfast, and Gov. Noyes addressed the meeting The excitement ran high. The Democratic meeting last night was a failure in the way of speakers. They felt themselves terribly sold.

[To the Associated Press.]

NORWAY, Sept. 5.—The Republican mass meeting held this afternoon on the Fair ground between South Paris and Norway is said by all present to have been the largest gathering ever seen in the county of Oxford. Good judges estimate the crowd to have exceeded seven thousand. Col. Ingersoll and Senator Blaine addressed the vast assemblage.

LEWISTON, Sept, 5.—At the Republican rally at Auburn tonight Hon. W. P. Frye delivered a stirring speech.

Biddeford Trotting Park.

[Special to Press.]

BIDDEFORD, Sept 5.—The fall meeting of the Biddeford and Saco Riding Association commenced here this afternoon with two races. The weather was fine and a large crowd was in attendance. The first race was for three minute class, for a purse of $200, $125 to first, $50 to second, $25 to third. There were eight entries and four starters, viz: Tom Patchen, Presumpscot Girl, Saunterer and White Card. This was a rather uninteresting race, Patchen having it his own way, White Card second Presumpscot Girl third, and Saunterer distanced.

Time, 2.50, 2 50, 2.51.

The second race was for 2:40 class, for a purse of $250, $150 to first, $70 to second, $30 to third. The first heat was won easily by Little Fred, Martin Luther second, Black Diamond third, Nellie Thorne fourth, Nettie fifth The second heat was c hard contested one. Little Fred had the pole, but broke badly at the start and kept it up through the heat. Black Diamond came in first, but the heat was given to Nellie Thorne to the great dissatisfaction of nearly the whole crowd. The third heat was given to Little Fred, he showing some good trotting. Black Diamond came in first but was given the fourth place, and it was evident that he could not have a fair show. The fourth and last heat was won by Little Fred, Black Diamond second, Nettie third, Martin Luther fourth and Nellie Thorne fifth.

Sudden Death.

ROCKLAND, Sept. 5.—At St. George yesterday morning William Clark dropped dead of heart disease.

[To the Associated Press.]

Fire in Biddeford.

BIDDEFORD, Sept. 5.—Fire broke out at 2.30 this afternoon in the frame dwelling, Nos. 8 and 10 Pike street and raged fiercely for an hour and a half. There was a very high wind, and it was with great difficulty that many buildings were saved. The houses of Patrick Guine and James Scott were completely gutted, and the dwellings of Thomas Gartland, Anna Murphy and William White more or less damaged. Mrs. Murphy's barn was burned. Mr. Guiney had $700 insurance in the Girard Company; Mr. Scott $850 in the Hanover; Mrs. Murphy $1100 in the Phenix at Brooklyn.

Representative Nomination.

At a large caucus the Democrats nominated for Representatives Edward Stone and Daniel Goldthwaite.

Liquor Smuggling.

CALAIS, Sept. 5.—Special agent W. F. King, and inspectors McGeary and Martin made a seizure of liquor last night, fifteen miles from Calais in the interior. Its value is about $300. It was probably going to Bangor.

Launching at Thomaston.

THOMASTON, Sept. 5—There was launched last night from O'Brien's yard, a fine large ship of 2186 65 tons, government measure, named Harvey Mills, and owned by Mills & Co. It will be commanded by Capt. Warren Mills late master of ship Eliza McNeil.

Democratic Meeting.

AUGUSTA, Sept. 5.—A large and enthusiastic Democratic meeting at Granite Hall this evening was addressed by J. R. Fellows of New York.

The Androscoggin River.

LEWISTON, Sept. 5—The water in the river is three feet higher than last week, in consequence of letting out water from the lakes.

ARKANSAS ELECTION.

The Democrats Claiming 40,000 Majority.

LITTLE ROCK, Sept. 5—Full returns from the election in this county are not received. Both sides claim it. There are few returns from outside counties. The vote is generally very full. The Democrats claim the state by from 40,000 to 50,000.

TERRIFIC EXPLOSION.

Dynamite Blown up at Hell Gate.

Four Men Torn to Pieces.

NEW YORK, Sept. 5.—Latest reports from Hell Gate show that an explosion occurred through the carless handling of dynamite. The following are the details: This morning about 10 o'clock the residents of Long Island City Newtown, and even as far as Flushing, were startled by an explosion which shook their houses to the foundation. Boats as they sped along the river past Hell Gate had their windows broken, and were otherwise damaged. The captain of the tug boat Westphalia was severely injured by the shock, and two of his crew stunned. An investigation disclosed the fact that an explosion had occurred on one of the government scows while dynamite cartridges were being removed from the scows to a small building on shore. Henry Sursin in attempting to adjust one of the tops of a cartridge let it fal when it exploded, hurling him over two hundred yards, mutilating him in such a manner that his arms, legs and head were found scattered on different parts of the shore. John Hockson, who was helping Sursin, was blown into the air and his body was severed in two parts. John Doyle, another workman, was terribly mangled, one side of his head being completely torn away. An unknown man standing upon the scow was seen by parties standing at Hell Gate cottage blown into the air and falling into the river. His body has not been recovered. In a short time after the explosion the vicinity of the calamity was thronged with people who, as they walked discussing the accident, would occasionally pick up some mutilated member of the unfortunate men. A short distance from the works stands a solitary tree, and upon a branch overhanging the road dangled the severed leg of one of the unfortunates Portions of the killed were picked up and conveyed to Hunter's Point.

A jury was summoned but adjourned till to morrow. The cause of the accident according to Doyle, one of the wounded men, was undoubtedly the carlessness of Sursin.

GOOD ENOUGH.

Vermont Has Spoken

The First Republican Gun a Very Loud One.

Republican Majority 28,000.

Gain of 8000 Over 1874.

And 3000 Better than 1872.

Largely Increased Congressional Majorities.

THE SHAM REFORMERS UTTERLY ROUTED.

The returns from the Vermont election are not very full, but they are enough to show that the Republicans have won a glorious victory. The vote of both parties was a very full one, and the Democrats made desperate endeavors to cut down the Republican majority of 1874, which was 20,030. They have utterly failed, however, and the majority will be greater than in 1872, when it reached 25,333. Our despatches below indicate that it will reach at least 27,000. All three of our Congressmen are elected by largely increased majorities.

WHITE RIVER JUNCTION, Vt., Sept 5—9 p. m.—Sixty towns in thirteen counties give Fairbanks 15,765, Bingham 7,148, The same towns in 1874 gave Peck 11,358, Bingham 5,011. Republican gain, 2270. Returns are coming in slowly.

Eighty-eight towns give Fairbanks 20,216, Bingham 9,484. The same towns in 1872 gave Peck 15,343, Bingham 6803, being a net Republican gain of 3000. The congressional majorities show corresponding gains

In the first congressional district, 49 towns give Joyce, rep, 9,777; Childs, dem., 4421. In the second congressional district, 34 towns give Dennison, rep., 8104; Dickey, 3,204. In the third congressional district, 29 towns give Hendee rep., 5,841; Edwards, dem., 2,679. Probable congressional majority in the first district, 10,000; in the second district, 12,000; in the third district, 10,000.

112 towns give Fairbanks 28,585; Bingham 13,385. Same towns in 1874 gave Peck 20,257; Bingham 7501 Republican majority in 1876 15,200. Republican gain over 1874, 2445 132 towns to be heard from will probably swell this majority to 27,000 or 28 000.

Congressional majorities in the three districts (112 towns) are 13,418. The Republicans throughout the state are jubilant, but the complete result will not be known till tomorrow, as returns come in slowly Of the representatives elected in 112 towns 101 are Republicans, 8 Democrats and 3 unknown.

BOSTON, Sept. 5—One hundred and sixteen towns give Fairbanks 27 702; Bingham 14,499. Same towns in 1874 gave Peck 31,641; Bingham 9668.

POLITICAL.

Massachusetts Republican Convention.

Gov. Rice Re-nominated by Acclamation.

WORCESTER, Sept. 5—At precisely half-past eleven o'clock the Republican State Convention was called to order by Hon. A. W Beard, chairman of the State Committee, who read the call. Mr Beard was made temporary chairman, and the secretaries of the State Committee were made temporary secretaries. The usual committees were appointed and members of Congress were invited to take seats on the platform.

It was voted that all resolutions be referred to the committee on Resolutions without debate.

Mr. Henry B. Blackwell of Boston, then offered the following:

Resolved, That hereafter women who are known to be Republican in principle and who possess the qualifications of age, residence and education required of male voters, are invited to take part in the primary meetings of our party with an equal voice and vote in the nomination of candidates and the transaction of business.

The resolution was received with applause, and hisses in some part of the hall.

The Committee on permanent organization made a report, which was adopted, naming Senator Boutwell as chairman, with a long list of vice presidents and secretaries

Mr. Boutwell addressed the convention.

At the conclusion of Mr Boutwell's speech, which was frequently interrupted by applause, Mr. Blunt, from the committee on credentials, reported that 308 towns and cities were represented by 1038 delegates.

Hon. George F. Hoar then took the platform and was heartily received.

He moved that Alexander B. Rice be nominated by acclamation. The mention of the name was received with great applause.

Mr. Isaac Stone of Northampton in a brief speech seconded the motion and believed that the Democratic party desired that some other man should be nominated who could more easily be defeated. From every part of the commonwealth came calls for the nomination of Mr. Rice, and with such a candidate the defeat of the Democratic candidate would be overwhelming.

H. H. Faxon of Quincy said that although he might be in a small minority, yet he would stand up and advocate the rights of that minority. He never had and never would second a motion to nominate by acclamation, and he rose today to enter his protest against such a course. He would not say whether he should vote for Alexander H Rice or not, but he stood here today to advocate the rights of a class of citizens who had inscribed on their banners "God and the right."

Mr. Hoar sympathized with much that had been said. He was not aware that any considerable number of delegates desired a ballot. He suggested an informal vote by rising. If after that the convention should desire a ballot he should not object. It has always been custom in Massachusetts to renominate their governor. He moved that Mr. Alexander H. Rice be renominated by a rising vote and in response a large number of delegates did rise.

Mr. Faxon said that why he did this was because he thought the minority would go away better satisfied.

The informal rising vote asked for by Mr. Hoar was now taken and nearly every delegate rose to his feet, there being but 24 votes indicated in opposition.

Mr. Wellington of Cambridge moved that the convention proceed to ballot for a governor. Rejected nearly unanimously.

Mr. Hoar's motion that Hon. Alexander H. Rice be nominated by acclamation was then carried with only a single dissenting voice. (Immense applause.)

Hon. Horatio S Knight was nominated by acclamation for Lieut. Governor, Hon. H B Pierce Secretary of State, Hon. Julius L Clark for Auditor, Hon. Chas Endicott for Treasurer, and Hon. Chas. R. Train for Attorney General.

Mr. Long, chairman of the committee on resolutions, presented the following resolutions:

The Republican party of Massachusetts ratifies the action of the National Convention at Cincinnati and pledges its united and earnest support to Rutherford B. Hayes and Wm. A. Wheeler in full confidence that they are statesmen whose character and career give unquestionable assurance to the country that they will be faithful and zealous to maintain equal rights of all citizens under the law; to bring about resumption of specie payments at date not later than that already fixed by law, and to effect thorough and radical reform in the civil service.

We are in favor of prompt return to specie payments and of taking no backward step. We hold that the act of Congress fixing the date for resumption is a help and not a hindrance to that end.

We are in favor of putting civil service on the ground of merit and fitness, and of lifting it above instability of political fluctuations. We will sustain the President in retaining and selecting with independence and in the spirit of the constitution agents of his administration.

We are in favor of a policy toward the states lately in rebellion which shall make the nationality of the United States distinctly and universally felt, that national citizenship shall be to every human being protection in life, liberty, the pursuit of happiness and the expression of opinion, which shall encourage the education of people, and which, with wise but firm hand, shall restore the South to the blessings of peace and to the enjoyment by all alike, of liberty under the law.

The retiring President of the United States is entitled to the gratitude of the country for his achievements in his military service, for the firmness with which, as its chief magistrate, he has so often maintained the national honor and credit, and for the good sense with which, upholding the prerogative of his office against encroachments of a Democratic House of Representatives, he has reminded that branch of the government of the propriety of confining its attention to its legitimate business.

The remaining resolutions severely arraign the Democratic party; reiterate the declaration of a year ago that the Republican party of Massachusetts support no man for office whose personal character is not an absolute guarantee of fidelity to every duty; and demand the nomination of only those candidates who will be true to the pledge of the party to a return to specie, civil service reform and equal rights to all American citizens; endorses the administration of Gov. Rice, favor such legislation in this commonwealth as will promote all causes of education, reform, temperance, labor and equal rights of American citizens irrespective of sex; we frankly differ as to methods, but we believe that these will be best left subject to constitutional limitations to the legislature, which is fresh from the people and familiar with their will.

Mr. Blackwell, as a member of the committee on resolutions, made a minority report and presented the woman suffrage resolution, which he offered at the opening of the convention and appears above.

Hon. G. C. Crocker said that we are first to commit ourselves to woman suffrage and then suggest some plan to carry it out. He opposed the convention's doing as had previous conventions—recommending woman suffrage when delegates were opposed to it. He wanted the convention to say whether it was in favor of woman suffrage or not.

Mr. Crocker moved to strike out the words in the platform, "To all American citizens regardless of sex."

The convention reassembled at 2 40. The question was taken on the amendment proposed by Mr. Crocker to the resolution to strike out the words, "To all American citizens irrespective of sex." The amendment of Mr. Crocker's was lost; resolutions as reported were adopted.

The question then recurred upon the proposition to adopt as an additional resolution the one proposed by Mr. Blackwell, The resolution was rejected.

On motion of Mr. A. W. Beard the convention amid much confusion nominated Hon. Thomas Talbot of Billerica as elector at large on the Presidential ticket.

On motion of Mr. Jno. D. Washburn of Worcester the Hon. Stephen Salisbury of Worcester was nominated by acclamation as the second elector at large.

At quarter past 3 o'clock the business of the convention was concluded by Gen. Woodford of New York addressing the convention.

THE GREAT RALLY!

Thursday evening there will take place in this city the largest and most imposing torchlight parade which has taken place in Maine for many years. It is expected that 2000 men will be in line. The "Reserve Corps" will be on duty and it is desirable that this large force turn out *en masse*.

Gen. George L. Beal has been selected for Chief Marshal. He will announce his programme to-morrow.

LET US TAKE HOLD OF THIS MATTER IN EARNEST.

Brief Jottings.

The best of Lehigh coal can be purchased in our market at $6 a ton. Many are of the opinion coal by October will be still lower.

Among the witnesses before the grand jury yesterday was an old lady aged 92 years.

The Mercantile Library Association have sold 340 tickets for the Centennial excursion.

Both the Grand Trunk and Maine Central Railroads are making arrangements to run large excursion trains to this city Thursday night.

The Grand Trunk advertise tickets to Montreal and return for the low price of $5.

Yesterday was a true autumnal day.

The International Steamship Company have declared a dividend of 5 per cent.

And now Sargent & Dennison announce that they bought 20,000 tons of coal at the great sale in New York.

Uncle Oliver leaves his post today to attend the Holiness Camp Meeting.

The Casco street clock needs attention sadly.

The National Holiness Camp Meeting opens at Old Orchard this morning and continues ten days.

There are yet a few articles exhibited at the State Fair at City Building. The owners are requested to call on the City Messenger and take them away.

Convention of Reform Clubs.

The Reform Clubs of this state commenced their sixth quarterly session at City Hall yesterday morning President S. F. Pearson of the Portland Club called the meeting to order at 10.30 and the Invitation Song was sung, followed by the reading of the scriptures and prayer by Rev. C. S. Perkins of Casco street church, and singing "Hold the Fort."

A temporary organization was then effected as follows:

President—W. M. Dow, Dry Mills.
Secretary—W. A. Barker, Rockland.
Vice Presidents—S. McCarthy, Lewiston; Abel Jackson, Lisbon; James M. Robinson, Gardiner; S. F. Pearson, Portland; J. F. Montgomery, Bangor; Pierce Burt, Bath; S. C. Bickford, New Gloucester; J. W. Lake, Richmond; Joseph Anderson, Webber Mills, J. M. Libby, Dry Mills; E. C. Megquire, Union; J. Rolf, East Raymond; R. Ward, North Gorham; C. Withington, Buckfield; C. L. F. Hoar, Norway; W. J. Gorman, West Bethel; Levi Seavey, Knightsville; E. A. Stetson, Bucksport; E. Hilton, Thomaston; C. D. W. Shaw, Sebago Lake; John Plunkett, Yarmouth; J. P. Kendall, Freeport; L. H. Dillingham, Rockport; J. B. Brown, Rockland.

The following committees were appointed:

Order of business and speakers—G. H. Lefavor, Portland; C. Withington, Buckfield; S. M. Parcher, Lewiston; Levi Goodwin, Gardiner; A. Kimball, Bridgton.

On resolutions—S. F. Pearson, Portland; Walter Clark, Minot Corner; W. M. Dow, Dry Mills; E. Hills, Thomaston; C. D. F. Howe, Norway.

Location of next convention—G. A. Merry, Portland; Jordan Raud, Lisbon; S. M. Parcher, Lewiston.

There were 26 clubs represented, and quite a number of ladies from the city were in attendance.

At the afternoon session the temporary organization was made permanent with the addition of the following presidents: W. T. Eustis, Dixfield; B. C. Dorsey, Winthrop; T. H. Baker, Birmingham; E. A. Marr, Gray; B. P. Higgins, South Berwick; J. S. Cushman, Winnegance; T. E Grath, Augusta; Geo. A. Haynes, Auburn; Walter Clark, Minot Corner.

The question of forming a state organization referred from the last meeting, was taken up and discussed at some length and with much warmth. It was at last voted down almost unanimously.

The reports from the various clubs were received, and were very favorable. The number of names signed to the rolls of the various clubs is estimated at from 30,000 to 45,000.

In the evening a fair audience gathered at the Hall. The American Band of Turner's Island furnished music. The President, W. M. Dow, called the meeting to order and stated that ten minutes would be allowed each speaker. A rallying song was sung. Capt Sturdivant read a portion of the scriptures and offered a fervent prayer.

The first speaker of the evening was Mr. Smith of Skowhegan. Mr. Smith, who was formerly a resident of this city, invited his former comrades to follow his example and quit the intoxicating cup. He gave a very encouraging account of a temperance meeting in Norridgewock recently, when the proprietor of one of the hotels signed the pledge, much to the surprise and gratification of all.

Mr. George Merry of this city, was next introduced. He thanked God for the Portland Reform Club, an organization which had been instrumental in saving him from a drunkard's grave. He said that he was well known here, and he hoped all who had been with him in his drinking career would not desert him now but come up and sign the pledge. He stated his intention hereafter to live a life of industry and sobriety. He said that reformed men had many discouragements to overcome, but by overcoming them they were strengthened to keep their pledge. His remarks were listened to with marked attention.

Mr. Lake of Bridgton, was the next speaker. He said he was too full for utterance. He was formerly a rum seller in this city, and had been a hard drinker for many years. He was the son of a clergyman and learned to drink while absent from home, and went from bad to worse until he brought up as proprietor of a wholesale rum-shop. He was reformed through the influence of his family. He made a strong appeal for support for the clubs.

Mr. Crum of the West Bethel club, told a woeful experience of his past life. He had spent over half his life in prison on account of the use of liquor. He was but a short time since released from the Massachusetts state prison, where he served out a sentence for stealing, but since he was released he had led a different life. The Reform Club had saved him, and he wished to give them the credit. The clubs were banded together to save their fellow beings from the fate they had escaped. He thought the people of Portland did not give the clubs the support they deserved for the work they are accomplishing. He invited moderate drinkers and all to come up and sign the pledge.

Mr. Howe of the Norway club gave a terrible experience of crime caused by rum drinking. He said he had drunk up two farms and all the property he possessed and he wondered he had not drunk himself up. He had occupied a convict's cell, but now he found a better way of living. Two years ago his attention was arrested by Mrs. A. K. Shurtleff of South Paris. She met him while he was walking in the field and told him there was something worth living for in this world. He heeded her words of warning and instruction, and as a result is now a reformed man. He said that he knew the meaning of the expression that words are inadequate to describe the evil rum has done in this country. He closed with a strong appeal for drinking men to sign the pledge.

Mr. Facey of Portland made a few demonstrative remarks and was glad that he had been enabled to keep his pledge.

Judge Talman of Bath was the next speaker. He is an aged gentleman and spoke with much earnestness for a short time. He thought that the Reform Club had done more for the prosperity of the state than any other company of men of the same numbers. He then reviewed the labors of the clubs in this state. He thought that the reform men were as good as any and better than many who deride them.

Capt. Sturdivant spoke briefly and called for a rousing contribution which was then taken up.

Further remarks were made by Messrs Withington of Buckfield, Montgomery of Bangor, Maguire of Union, Dorsey of Winthrop, Cunningham of South Berwick, Parcher of Lewiston and Pearson of this city.

This morning from 9 to 10 the convention will hold a prayer meeting. At 10 o'clock the convention will be called to order and reports of clubs will be finished, and such other business transacted as may come before it. The afternoon and evening will be devoted to addresses by reform men of this city and state.

PORTLAND GLASS WORKS.—The annual meeting of the Portland Glass Company was held yesterday at the banking house of J. B. Brown & Sons. The following officers were elected for the ensuing year: President, A. K. Shurtleff; Clerk and Treasurer, A. B. Stevens; Directors, A. K. Shurtleff, Joseph Walker, Chas. E. Jose, John E. Donnell, Charles S. Fobes, Philip H. Brown, James H. Smith.

DEERING.

Grand Republican Demonstration at Woodford's and Morrill's Corners.

Brilliant Illuminations and Torch-Light Procession.

The Republicans of Deering were wide awake last night, and if the residences illuminated indicate the strength of the party elsewhere in that town as they did in those beautiful villages, the vote next Monday will show a wonderful change from that of last year.

At about 7.30 the uniformed companies of this city, with the Portland Band and a large crowd, took a train for Woodford's Corner. Arriving at that village, the line was formed and conducted by the marshal, Mr. A. T. Smith, and his aids Messrs. J. B. Bates, Frank Dunham and Eugene Merrill, proceeded down the street to the residence of T. J. Chenery, Esq., where a platform was erected and near by a beautiful Hayes and Wheeler flag ready to be raised. When the companies were massed under the flag, it was run up amid enthusiastic cheering.

A meeting was organized on the stand. Andrew Hawes, Esq., called E. H. Elwell, Esq., of the Transcript to preside, who introduced William Moran, Esq., of Philadelphia. About a thousand people present desired to hear, but a crowd of young roughs who went from the city on the train made so much noise about the square that only about five hundred who stood close about the platform could hear. Mr. Moran spoke about a half hour, but finally was compelled to desist, as no man has strength to speak under such adverse circumstances.

At nine o'clock the procession was re-formed and marched up Mechanic street and back by a street parallel. Nearly all the beautiful and comfortable residences on these streets were illuminated. Superintendent Leach of the Horse Railroad Company, who is a Democrat, was led by his neighborly feelings to join in the illumination, and his residence was ablaze with candles and decorated with flags. We cannot give an accurate list of the residences whose owners joined in the illumination, but among those at Woodford's Corner were those of T. J. Chenery, Supt. Leach, Neal Reed, D. F. Chenery, George Rackleff, Andrew Mosher, N. W. Edson, Coolidge Brothers, C. F. Safford, J. M. Scott, J. B. Lewis, Stephen Felton, Randall Leighton, —— Mansfield. These are only a part, but as many as could be collected while the procession was moving.

The column then moved up Pleasant street to Morrill's Corner. On this street nearly every residence was illuminated, and in front of several red lights were burned. Among the residences on this street which were illuminated were those of Benjamin Tukey, G. S. Sylvester, Otis Brown, Levi Brown, E. H. Elwell of the Transcript, Joseph S Dunham, J. Maxfield, S. H. & A. B. Doten, Mrs. Drew, Charles Staples, J. H. Hutchins, E. D. Sawyer, Charles Sawyer, Edward Joy, A. P. Doe, G. M Stevens, Grenville M. Stevens, Frank G. Stevens, Rufus Dunham, E D. Fobes, A. M. Baker. We cannot give them all, since it would be like making a directory of that long and beautiful street. Many of these illuminations were the finest we have seen on any occasion. Among those most noticeable were those of Messrs. Lewis, Tukey, Elwell, Doten, Staples, Dunham and Stevens.

At Morrill's Corner another Hayes and Wheeler banner was unfurled, amid the cheers of the crowd and the firing of the Hayes Battery. The companies then took the train and returned home.

The occasion was a brilliant one. The companies made an imposing appearance, and the beautiful illuminations of so large a part of the residences indicate the healthy political character of that portion of Deering. Many were disappointed in not being able to hear the speaker, but that was due to a crowd of fellows who could not be controlled.

The Republicans of Deering are wide awake, and their committee and others are hard at work for victory. It is a close, sharp fight, but the unity and intelligence of the Republicans will do much for the cause. No Republicans in this county are doing better work than those of Deering.

Of the $758,500,000 expended by the General Government the last fiscal year $160,000,000 was on account of the Democratic Rebellion.

GORHAM TO-NIGHT.

GEN. STEWART L. WOODFORD of New York, who is so generally appreciated as a public speaker in this part of Maine, speaks at Gorham village to-night. There will doubtless be a large crowd of people to hear him. A train will run from this city at a reduced fare, and return at the close of the meeting. Those who desire to hear this brilliant orator will avail themselves of the occasion, as Gen. Woodford speaks but once in Maine.

ROBBERY OF THE MAILS.—Yesterday morning Deputy United States Marshal Marble arrived by steamer Lewiston, bringing with him a young lad named Lee Hughes, arrested in Machias for robbing the post office in that place. It appears that a number of letters had been missing for some time, several of them quite valuable. Mr. Kingsbury, the postmaster, set a watch which resulted in the detection of Hughes. He was brought before U. S. Commissioner Clifford and bound over.

Not one cent. It is a Black Republican War and Black Republicans may foot the bills. They'll get enough of it before they get through I can tell you.

JOHN C. TALBOT in 1861.

FIRE.—The alarm of fire at about 9 o'clock yesterday morning was caused by fire in the house of R. C. Harmon, on St. Lawrence street. The fire was discovered in a clothes press in the attic and was extinguished without the aid of the department. The house was owned by Mrs. Edward Joy and was insured.

ACCIDENTS.—Mr. James Hawkes, of the firm of Hawkes & Clark, met with a severe accident yesterday afternoon. He went into the planing mill of Littlefield & Wilson and stood near a circular saw conversing with Mr. Littlefield, when he carelessly put one knee on the sliding table. While standing in that position his foot resting on the floor slipped, throwing his weight on the table which slid up to the saw. At the same time he struck the belt throwing it into position and starting the saw in motion. A deep cut was made in the knee pan before he could be rescued from his perilous situation. Dr. Gordon attended him and is confident that the knee will not be stiff permanently.

Mr. John Blackley of Cape Elizabeth, fell from a load of hay yesterday and broke his ankle.

Mrs. Charlotte Windsor fell down stairs at her residence on Oxford St., yesterday, and dislocated her shoulder and cut one of her hands badly.

A little child of W. T. Murray, living on Washington street, was run over while playing in the street yesterday afternoon. Fortunately the injuries received were slight.

John Harris was struck by a rope at the New York boat Monday and severely injured. He was taken to his home on Atlantic street.

The Aldermen are in session at their room in City Hall for the purpose of revising the Voting Lists. See that your names are on correctly and those of your Republican neighbors

STONE SLINGERS.—Two young roughs, named John Burke and John Roake, were caught throwing stones at the Republican procession in Deering, and arrested. One of the scoundrels had his pocket full of such missiles. Roake spent the night at the station, and Burke promised to appear at court this morning. Reform School is a good place for those fellows.

NEW BAND ORGANIZATION.—The American Band of Turner's Island, which furnished the music at City Hall last evening has recently been organized and is now made up as follows: Leader, Fred A. Griessinger, cornet; H. Foster, E flat cornet; A. Dyer, B flat cornet; D. Libby and A Knights, alto; M. Hobson, first tenor; J. Eveleth, second tenor; J. Rice, baritone; J. Hays, B flat cornet; W. Ham, bass; C. Blake, ——; F. Curtis, bass drum; E. Palmer, snare drum; J. Burke, cymbals; C. White, piccolo.

The Valuation &c., of the City of Portland for the Year 1876.

The Assessors have committed the tax lists of the current year to the city collector for collection, and the customary discount of five per cent. will be allowed on all amounts paid previous to November 1st proximo.

The lists, all circumstances considered, are highly gratifying. Notwithstanding the depression in business all over the country, and the consequent marked decrease in taxation values of most if not all our centres of business, Portland has increased in real estate $285,200. But there has been a decrease in personal estate of $667,346.

The income of the City property is put down by the Auditor at $97,900, which added to the amount raised by taxation, makes the entire available resources of the city for the current municipal year $880 776 86.

The City of Portland pays nearly one-seventh of the whole tax of the State of Maine, and about five-eighths of the entire tax of the County of Cumberland.

The assessed valuation of the city is:

Real estate	$18,708,500
Personal estate	11,951,855
	$30,660,355

The number of polls assessed are 8456. Poll tax $3.

The sums assessed in the city for the current year are as follows:

For state	$110,475 35
For county	40,744 05
For city	646,657 47
Total	$797,876 87

The following table gives the valuation taxes and percentage from 1866 to 1876 inclusive:

Year.	Val.	Taxes.	Rate on $100.
1866	$23,004,115	$741,568 45	$2 48
1867	28,313,745	715,853 20	2 45
1868	25,575,478	777,555 95	2 59
1869	28,861,259	759,215 49	2 38
1870	28,953,715	775,641 59	2 60
1871	28,925,550	746,946 75	2 50
1872	28,681,210	768,882 46	2 60
1873	29,821,012	769,606 30	2 50
1874	31,723,036	792,710 40	2 50
1875	31,942,501	766,461 27	2 45
1876	30,660,355	791,876 87½	2 50

The following is the County Tax assessed upon the several towns in Cumberland County for 1876:

Portland	$40,744 95	Harrison	558 36
Baldwin	489 97	Naples	496 77
Bridgton	1,449 68	New Gloucester	774 23
Brunswick	3,375 07	North Yarmouth	1,152 98
Cape Elizabeth	2,793 78	Otisfield	526 74
Casco	451 45	Pownal	622 62
Cumberland	861 60	Raymond	464 73
Deering	3,212 92	Scarborough	1,111 35
Falmouth	1,110 29	Sebago	348 47
Freeport	1,475 11	Standish	926 31
Gorham	2,237 19	Westbrook	1,757 89
Gray	848 86	Windham	1,568 47
Harpswell	816 32	Yarmouth	1,548 73

Making a total of $71,860.00 as the County Tax, levied on the above towns by the County Commissioners for the present year.

The following list comprises those whose tax is more than $5000.

POETRY.

Thistle-down.

BY B. W. BALL.

Waif of autumn afternoon,
Tiny, gossamer balloon,
Elfin pinnace drifting fair
Through seas of soft and sunny air—
When thou art launched, the summer sun
His glowing task will soon have done.

Almost ripe the tasselled corn,
While the cricket sings forlorn;
Evening hath a breath more cool,
Dead leaves drop in lowland pool.

Soon the harvest moon will shine
With a splendor as divine—
With as tremulous a glow
As bedewed Endymion's brow;
Gleaming over wood and wave,
As she gleamed in Latmian cave.

Thy noiseless, graceful flight I see
O thistle-down! regretfully;
For with the nothing of the sun
The sweet do-nothing days are done.

With thy silken tackle trim
And titful buoyance thou dost swim
Leisurely, a vagrant suit,
Through this lovely, upland vale.

Mountain shadowed with a spell
Of witchery no words can tell;
Whence o'er you ridge's giant spine
'Tis sweet to see young Hesper shine!

THE FARM AND HOUSEHOLD.

Agriculture at Cornell University.

The following letter has been handed us by Hon. S. L. Goodale, which he received from Prof. Roberts of Cornell University:

In the earlier days of the University Mr. Cornell offered prizes for the garden which should be best cultivated and conducted. Plats of ¼ acre each were assigned to several students, and a good degree of skill and enthusiasm was manifested by them. Since his death these have been discontinued; but as the years have passed it has been found that those students who entered heartily into this enterprise and graduated, are now occupying positions of honor and trust in the direct line of agriculture. It is now proposed (as a commencement) to lay out six acres in three plats and assign two or more students to each plat. Every part is so subdivided as that two-fifths of an acre shall be in grass, two-fifths in wheat, two-fifths in oats, two-fifths in corn and two-fifths in garden vegetables. This will provide for a five years rotation and always leave the land in good condition for those who may follow in after years. To carry out this enterprise, Mr. John McGran, of Ithaca, N. Y., makes the following liberal offer to students in the full course of agriculture: A first prize of $200 to the students, (two or more) who shall show the greatest skill and achieve the highest success in conducting and working one of these miniature farms; a second prize of $125 and a third of $135. He also makes, to any student in the University the additional offer of a first prize of $30 for the best essay on agriculture, based on notes taken from personal observation of the operations on the university farm and garden, with a supplement, (if they so desire) on agriculture in general, or any special branch of it; also a second prize of $20 under the above conditions. The last named prizes will be awarded at the next commencement; the first named, about Dec. 1st, 1877.

The students competing for the prizes will be charged a reasonable rental for the use of the land, and will be furnished with one team with the necessary implements, by the University at twenty cents per hour. They will be required to furnish all seed and fertilizers and perform all manual labor. They must also keep an accurate account with each plat, setting forth the loss or gain, with a carefully written memorandum of time and mode of culture, kind of seed, time of ripening, and all other facts of interest, all of which must be placed in the hands of the committee making the award. No prize will be given to any students who shall neglect his University duties or who shall not put forth a manly effort in the undertaking.

Packing Butter.

A Pittsburgh commission merchant writes to the *American Grocer* as follows:

The packing and package used are almost as essential points as making, and this fact should be remembered. Of course all packages of butter are not alike and cannot all be sold at the same price, but a little more care and attention paid in this respect (packing) would do much toward bringing about a greater uniformity in prices. Very often commission merchants receive complaints from country shippers stating that their butter was as good as their neighbors', which sold as choice, and probably from 2 to 6 cents higher than theirs. This may be so in their estimation, but other parties may differ. Their neighbors' butter may have been put up in more desirable packages, probably tubs, then again their butter may have been streaked, probably only a trifle, while their friends' goods have been straight and uniform in color, all which would naturally tend at times to make a vast difference in prices and create dissatisfaction. Makers and shippers should be careful and pack butter uniform in color, and should particularly remember that streaked lots, no matter how sweet and choice, cannot be brought into competition with lots running uniform in color; the latter always commanding a much quicker sale at a fair premium, and in every way compensating makers and dealers for their extra labor and care. Another fault is that a large portion of the butter during the hot weather turns sour and rancid very suddenly sometimes before being received, although it may have been left in good and sweet condition from whence it was sent. This fault lies with the makers to remedy to some extent; for instance, the cream may have stood too long, or not worked sufficiently to take out the buttermilk, while another fault would be in not salting properly. These minor points, although but trifling at first, are more noticeable after they have gone through second hands and finally reach other markets. The packing and package used are, however, of no secondary account in the matter of realizing the best market prices, and during hot weather particularly should shippers be especially careful in regard to packages. Jars and boxes should be avoided as much as possible, the former costing more freight, besides being a package not easily handled. In handling at the station and express offices, and even forwarding, jars and boxes are often placed on top of each other, and as there are no other covers for protection, the quality is damaged by defacement and the price is considerably lessened. Tubs, pails and firkins should be used exclusively, but in this some discrimination is required. Oak firkins and tubs are taken in preference to others on account of their neater appearance, though some parties use home-made tubs, which they claim answer their purpose. Another reason why these packages are becoming more in favor on the part of dealers is the fact that they sell more readily to shippers, and parties can also more readily agree on tare if a certain kind of tub is used to which they are accustomed. Therefore I recommend tubs, pails and firkins as the most desirable and, in the end, the most economical packages used. Parties should be careful to soak their packages well before using. In butter making always use the best salt. Parties should be careful to pack their butter solid, completely filling the packages, and to spread a piece of clean new cotton over it dipped in brine, neatly tucked in at the edges so when moved it will not damage the appearance. Knowing that these instructions are old to few but new to many, I offer them for the purpose of having uniformity in trade as well as in packing.

MEDICAL.

REMARKABLE LETTER

From a Gentleman Known and Honored from the Atlantic to the Pacific Coast.

Messrs WEEKS & POTTER, Wholesale Druggists, Boston, Mass.: Gentlemen,—I have for some months felt it a duty that I owed to suffering humanity to write you, stating the great benefit that I have derived from the use of SANFORD'S RADICAL CURE FOR CATARRH. For more than 20 years I have been afflicted with this very troublesome complaint. I have tried all the remedies that I could find, but without material or permanent benefit. Last fall the disease had arrived at that state that I must have relief or die. The entire membranous system had become so inflamed, and the stomach so disordered, that it was a doubtful matter whether I could go to the Pacific coast, or if I did go whether I should live to come back or not. I saw an advertisement of this medicine, and although being very incredulous about specifics or nostrums of any kind, yet in sheer desperation I tried this, and at once was benefited by it. The changes of climate, a chronic disease of the liver, and my age—over 70—may prevent my entire restoration, but the benefit I derive from its daily use is to me *invaluable*, and I am hoping to be completely cured, and at last arrive at a respectable old age!

If this statement of my case can be of any service to those afflicted as I have been, and enable you to bring this remedy into more general use, especially on the Pacific coast (where it is much needed), my object in writing this note will be attained.

Very truly yours, HENRY WELLS,
AURORA, N. Y., June, 1876. of Wells, Fargo & Co.

IT is with the greatest pleasure that we present to the public this hearty indorsement of SANFORD'S RADICAL CURE FOR CATARRH, by Henry Wells, Esq., of Wells, Fargo & Co's Express. The position this gentleman has for so many years occupied in our business world, and especially in connection with the development of that golden country, the Pacific coast, has made his name known and respected throughout the land. His earnest desire that those who know him, and are sufferers from this disease, may be induced to use it we trust may be gratified. Those who do not know him (and they are few) must now feel convinced of the great value of this remedy, it is beyond all question the most successful ever compounded for the treatment of Catarrh. It is prescribed by our best physicians. It is recommended by our leading apothecaries, and testimonials from all parts of the United States attest the esteem in which it is held by the thousands who have been enabled by its use to escape the frightful consequences that follow a total neglect of this prevalent disease.

SANFORD'S RADICAL CURE FOR CATARRH is a safe, certain, and permanent cure for Catarrh of every form, and is the most perfect remedy ever devised. It is purely a vegetable distillation, and is applied locally by insufflation, and constitutionally by internal administration. Locally applied *relief is instantaneous*; it soothes, heals and cleanses the nasal passages of every feeling of heaviness, obstruction, dullness or dizziness. Constitutionally administered it removes the blood, purifies it of the acrid poison with which it is always charged in Catarrh, stimulates the stomach, liver and kidneys, perfects digestion, makes new blood, and permits the formation of sound healthy tissue, and finally sustains complete control over the disease. The remarkable curative powers, when all other remedies utterly fail, of SANFORD'S RADICAL CURE, are attested by thousands who gratefully recommend it to fellow-sufferers. No statement is made regarding it that cannot be substantiated by the most respectable and reliable references.

Each package contains Dr. Sanford's Improved Inhaling Tube and full directions for its use in all cases. Price $1.00. For sale by all wholesale and Retail Druggists throughout the United States. WEEKS & POTTER, General Agents and Wholesale Druggists, Boston, Mass.

MURRAY'S
LAXATIVE AND PURIFYING
Bitters!
This medicine has been before the public most of the time for the past twenty-five years, and has given excellent satisfaction to all who have used it. The Bitters are composed of the best articles of the vegetable kingdom, and are again **prepared** by the **original inventor**, and are confidently recommended as one of the best articles ever offered to the public, especially for all those difficulties and ills attendant upon this season of the year. They are particularly recommended for the cure of
Indigestion or Dyspepsia, Jaundice, Loss of Appetite, General Debility, Costiveness, and all diseases caused by an unhealthy state of the stomach or bowels.
Any number of recommendations might be published, but the article is so well and favorably known that it is deemed unnecessary. Let the sufferer use them a short time according to the directions on each bottle and be convinced that all is true which is now said of them. The best article of the kind ever offered for the relief of the sick and suffering.
